## HALLS HEAD

The educators at World of Kids Halls Head welcome you and your family. The service is designed to create an environment of trust, where your children can grow emotionally, intellectually, socially and physically.

Our goals are for the children to experience a range of opportunities for creative expression as well as experiencing a curriculum that responds to the children's individual needs and interests. The educators are responsible for creating an atmosphere and environment which is responsive to the physical, emotional, intellectual, social and special needs of each individual child and to the group as a whole, which reflects the philosophy and goals of the service. The program is child centered, and takes a 'hands on' approach, with educators acting as facilitators who create an environment and experiences which are stimulating, safe, nurturing and fun. The program will include indoor and outdoor learning experiences, quiet and active times, individual, small and large group times, time for group and children's special interest activities and be flexible enough to allow for spontaneity.

The centre is licensed for 43 children:

- 0 – 2 years 1-4 EDUCATOR/CHILD RATIO
- 2 - 3 years 1-5 EDUCATOR/CHILD RATIO
- 3 - 5 years 1-10 EDUCATOR/CHILD RATIO

We are open from 6.30am to 6.00pm Monday to Friday excluding public holidays, and we close for a short time over the Christmas period.

We offer quality care and our doors are always open for family members to visit. We offer care for children aged 0 - 5 years old, and also have available FUN-A-RAMA our Outside School Hours Care for children 4 – 12 year olds located at many schools around the local area.

The centre is staffed by skilled and experienced Educators who act as a team to provide care for the children.

- Owner/Approved Provider - As the Approved Provider - is responsible for the overall running of the Centre.
- Nominated Supervisor – is responsible for the running of the Centre and educators.
- Qualified Educators - qualified educators with a Diploma/degree in early childhood studies.
- Assistant Educators - carers support the qualified educators in caring for the children.

Our service is government assisted and we follow the guidelines of the National Quality Framework overseen by The Education and Care Regulatory Unit.

Once again, welcome we hope your experience and time with us will be both happy and beneficial, and if you ever need to speak with myself I will always be available.

## Our Philosophy

World of Kids acknowledge the Binjerup Noongar People, traditional custodians of the lands, waterways and skies. We thank you for sharing and caring for the land we learn and play on.

Our small service provides a warm and welcoming second home where families can feel at ease with our team of dedicated educators. We believe communication is key to build strong trusting relationships and continuity for children.

All families are different and therefore we value the importance of flexibility. We have a deep understanding of the many different cultures and beliefs within our service.

At World of Kids we aim to provide opportunities for the next generation to have the fundamental skills necessary to lead a sustainable and healthy lifestyle.

Our play-based curriculum and planning cycles are influenced by Reggio Emilia and Jean Piaget. Having a strong relationship with all our children allows us to create individual learning opportunities for each child.

Our goal is to inspire children, plant a seed and watch them grow.

- During the year the centre organises informal social events for families, these are a great way to get to know other families and also the educators. We encourage families to attend these get together to find out a little more about the centre and to establish friendships with other families that your child will meet at the centre.
- Families are welcome to seek advice, assistance or information from the Director or the most Senior Educator or to make an appointment for any confidential issues.
- Ongoing information, sharing between educators and families is encouraged to allow shared responsibility of attaining each child's individual potential. Confidentiality will always be our priority.
